

Be Alert Stay Safe! Personal Safety for Migrant Staff Making Home and Community Visits

Access Link: goo.gl/PMNyGn

Name:

Current Safety Strategies/Plan

Core Idea:

Having a **strategic safety plan** enables the staff member to assess the risks specific to MEP duties. A plan prevents people from panicking or responding erratically in times of stress. Making decisions in a high-stress situation often leads to oversights or dangerous situations. A proactive approach addresses potential dangers before they become an issue.

How do the strategies included in the plan increase the chances of a safe visit?

Before the Visit Strategies

What is the gap/difference between the exemplar and your current strategies?

During the Visit Strategies

Migrant Education Program—Safety Plan (Draft)

Key Takeaways from the Session:

I commit to...
